# VOLCOM 3 LAYER STRETCH GORE

Volcom's VS Stretch Gore Jacket and VS Stretch Bib Overall are purpose-built for backcountry exploration and alpine adventure in the harshest and most unrelenting environments on earth. With a lightweight construction composed of Gore-Tex C-Knit 3-layer fabric, this collection is intended to keep you warm and dry when the weather won't let up but you're not backing down. The focus of this jacket and pant lies in breathability and mobility, so whether you're split-boarding out of bounds or tweaking in the park, you'll have the freedom of movement and less restrictions to hold you back.

Strategically-placed storage throughout the VS Stretch Gore Jacket and VS Stretch Gore Bib Overall lets you bring all of the essentials with you for a longer day in the elements. This coupling is the ultimate in tech, comfort, and style for team athlete Elena Hight. As Elena puts it, **"I want my gear to work as hard as me. If I can put it through my winter and it stands up to the test, it's definitely a winning piece!"**
